## OPEN TOWN MOVE

Mayor is Urged to Check the Attempt to Lessen Police Regulations.

(Continued From Page 1)

Missionaries take no action looking to the rehabilitation of the segregated district. They were referred to Commissioner of Public Health and Safety, F. C. Turner. They were from the First Church, United Brethren in Christ, signed by Mrs. Emma P. Boudier and the Rev. Thomas Ringland, the Twenty Third Avenue Baptist Church, Rev. W. C. S. Spencer, pastor, and the First Congregational church, L. C. Leet, the Public Health Commission, signed by Rev. William Keene, Towler, First Methodist Episcopal Church, George W. White, pastor, First Christian Church, Christopher Russ, committee, First Presbyterian Church, Rev. F. L. Goodenow, pastor, North Avenue.

Resolutions were passed in a number of Oakland churches yesterday commending upon the movement to have the restrictions placed upon cafes, hotels and dance made less drastic and strongly opposing any relaxation in the enforcement of the morality laws of the city.

**BY APPOINTMENT.**  
The appointment for the meeting at 10 o'clock was made last Saturday immediately after it became known that a secret conference had been held in the mayor's office at the instance of a number of business men intent upon having the city administration "ease up a little" on the drastic enforcement of all vice regulation.

At this meeting no demand was made for the reopening of the segregated district, but it was pointed out that the closing of the district had diverted a considerable amount of money to San Francisco and that many stores had become vacant and many businesses were forced out since the order came five months ago closing the known segregated district. But the businessmen asked that the cafes be shown a little more leniency and that an effort be made to permit Oakland to assume the outward sign of metropolitan life.

**AN OPPOSITE VIEW.**  
The committee from the Public Welfare League opposed the reopening of such a district, declaring that the protection of young women and girls and of young men was of more importance. The members of the committee declared that any letting down of the law would be tantamount to an admission of defeat and that it would mean a strenuous fight.

Today were the Rev. Towler, Arthur A. Jett, Dr. Minora Kibbe, Miss Anita Jett, and Dr. L. C. Leet.  
The matter was considered at all the downtown churches yesterday, and many standing votes were taken on resolutions opposing any change toward more lax conditions in the morale of the city.

In the First Baptist church the same being done in the First Presbyterian church by the Rev. Dr. F. L. Goodenow. Action was taken by the First Congregational, First Methodist, North Street Congregational, First Christian and Plymouth Congregational churches.

## HYNES TO BE CANDIDATE HAS AN ENVIABLE RECORD

W. H. L. HYNES, CANDIDATE FOR NOMINATION FOR DISTRICT ATTORNEY AT COMING PRIMARIES

W. H. L. Hynes, District Attorney of Alameda County and for the last fifteen years connected with that office, has announced his candidacy for nomination at the primaries.

Mr. Hynes has served as the District Attorney of this county since December 2, 1912, at which time he was appointed by the Board of Supervisors to fill the vacancy caused by the resignation of District Attorney William H. Donahue who was elected Superior Judge in November, 1912. Mr. Hynes is a native of California, and has been a resident of Alameda county practically all of his life. His early education was in the Cole grammar school and the Oakland High School. Later he attended the State University and the University of California at Berkeley, where he received his law degree in May, 1908 and in January, 1909, was appointed a Deputy District Attorney and has served the county continuously since that time.

In going before the voters of Alameda county for the first time for the office which he now holds, the long and efficient service of Mr. Hynes has been recognized by the county's business and his familiarity with the laws governing the county's affairs together with his well-known record and efficient service in carrying his work will undoubtedly result in his being re-elected by a large majority.

Mr. Hynes' record is such that he will, undoubtedly, be elected to office at the August primaries.

cover \$15,000 worth of alleged community property, which she declared her husband had bequeathed transferred to his mother, Mrs. Annie E. Coleman and his brother John E. Coleman. That suit was dismissed today when the parties went into court.

Mrs. Coleman, one of the three witnesses called to testify, said that her husband had become infatuated with Miss Jessie Chamberlain, a nurse. She produced a letter which, she said, she had taken from her husband's pocket the night before they separated. It was addressed to Miss Chamberlain and enclosed a \$20 greenback for her birthday, on Christmas day.

**MONEY NOT HELD.**  
"We will stipulate that the \$20 may be withdrawn," said Attorney Trevelyan.  
Attorney Chardbourne took possession of it and there was no objection.

My dear, wrote Dr. Coleman to Miss Chamberlain. "The letter was a tender epistle touching upon the joys of the season."

"I hope for pastures green," he wrote. "Your birthday will be celebrated after our bodies have been returned to Mother Earth. I am lonely some without you. Life is dreary. I still live to see that someday I will be able to come and get you in an honorable way. I still adore and love you fervently even though you are far away."

At that time Miss Chamberlain had returned to Fond du Lac, Wisconsin. The letter which fell into the hands of Dr. Coleman was dated December 1, 1913.

Dr. Barton, cashier of the San Leandro bank, testified that the physician's admiration for the other woman.

**TOLD OTHERS, TOO**  
Numerous times in which the doctor had told other persons of his affection for other women, Mrs. Coleman said, had caused her great humiliation.

The Coleman was married in October, 1908. They have no children. For many years they have been prominent socially in San Leandro.

Mrs. Coleman is an attractive woman of quiet manner. During the divorce proceedings today she appeared in court for her story of marital discord.

the intended purpose of interfering with the fire of our ships."

**PRESIDENT INSTRUCTIONS.**  
WASHINGTON, June 15—Secretary Bryan conferred at length with President Wilson on the progress of the Mexican mediation today and immediately afterwards dispatched a long telegram to the American delegates at the Niagara Conference, which it was understood concerned the character and content of the proposed provisional government and the attitude of the Mexican delegates who object to a provisional executive with constitutional leanings.

Bryan would not discuss the nature of his conference with the President and would only say that mediation was "progressing satisfactorily." The

United States would not take in its desire to have named as the head of the temporary government which would succeed Huerta a man who would be acceptable to the revolutionary faction.

**DIAS-HUERTA PACT.**  
The presence in Washington of Pedro Del Villar continued to arouse speculation and a report was persistent that adherents of Felix Diaz, represented by Del Villar, and the differences were being acting together to exert the strongest possible influence before the mediators. Del Villar is said to have conferred with representatives of Huerta.

Constitutionalist agents in Washington had received no reply from the mediators today to the offer of Carranza to send delegates to Niagara Falls.

**REMAIN IN CONFERENCE.**  
NIAGARA FALLS, Ont., June 15—Reports that the Mexican delegates to the mediation conference were preparing to withdraw because of the insistence of the Americans in espousing a Constitutional for provisional president of Mexico were declared without foundation today when the mediators and delegates resumed their discussions.

Emilio Rabasa, head of the Mexican delegation authorized the statement that no charges of bad faith against the United States had been made at any time. He insisted the Mexican delegates had not waited for permission to withdraw and that the negotiations had never reached such a stage. He added that until the writing last week the Mexican delegates had no intimation of the desire of the United States that a

**ALSO DENIES HUMOR.**  
Augustin Rodriguez, another of the Mexican delegates, was emphatic in his statement that the Mexican delegates were not preparing to withdraw. He said they would exhaust every effort and make every concession within reason in order to arrive at a peaceful solution.

All sides are practically agreed now that on the selection of a provisional president of Mexico the success or failure of mediation depends. The Huerta delegates have suggested the names of several men, but are waiting for a complete list from Washington.

**MAYTORENA SAVED.**  
DOUGLAS, Ariz. June 15—Ivey Leveier, Constitutional representative here, today said he had received official information that General Alvarado, with 500 men from Cruce de Piedra, had arrived at Hermosillo, the capital of Sonora, and disarmed and disbanded the 250 men who guarded Governor Jose Maria Maytorena at the governor's residence.

There was no clash and a conference was arranged for today between Maytorena, Alvarado, Ponzillas, the emissary sent to Hermosillo by General Carranza and other leaders, to settle the controversy between the

Col. P. Elias Calles leader of the military faction which sought to depose Maytorena arrived at Nogales, Sonora on the corner, today with 400 men from Hermosillo whose place the capital will be taken by new men.

**MAYTORENA MEN DISARMED.**  
NOGALES, Mex. June 15—Colonel P. Elias Calles, former commandant at Hermosillo, today led a force of 400 men who formed the old Capital Guard at Hermosillo.

A new guard of 500 men was taken to the capital by General Alvarado. These men are commanded by Colonel Acosta and Chief Urbulejo, of the Yagui tribe. Both are said to be anti-Maytorena men.

The force which arrived here with Calles will be allowed to rest a few days after which new uniforms will be issued and they will be sent to the battle lines either in front of Guaymas or in front of Mazatlan.

It is understood that the disarming of Maytorena's partisans at Hermosillo was the first move of Ygnacio Bonillas who was sent to Hermosillo by Carranza. The governor's forces, it is stated, will be disarmed and disposed at other points in Sonora.

**PROTECT FOREIGNERS.**  
SALTILLO, Mexico, June 15—In answer to representations made by the Spanish Ambassador through the American State Department, General Carranza has ordered that six carloads of hides confiscated at Juarez be released and that no more property of foreigners be confiscated.

In answer to a request made by the German Ambassador through the American State Department, General Carranza has instructed General Obregon to do his utmost to protect all foreigners at Guadalajara, where a battle is expected.

General Francisco, head of a commission investigating the recent case reported today that the commission expected to make a report soon.

**Severe Storm in France and Belgium**  
PARIS, June 15—Exceptionally severe storms have occurred in the north of France and Belgium and telegraphic communication is interrupted at many points. At Brussels, the canal of Ronchal, six miles north of Lille, a cloudburst did great damage. Several quarters of the city are flooded.

Damage was attacked on the ground that under the laws of California a street railway and steam railway cannot be consolidated. If this point is

point, it would give grounds for the dissolution of the present consolidated corporation.

down for aid to Manzanilla Lake, four miles farther.

From Manzanilla Lake word was telephoned to Redding for the coroner. He and an undertaker there were 16 miles on their way before they could be reached with the news that Graham was alive, and a physician, not an undertaker, was needed.

In the meantime, Phelps and Tipton got help at Manzanilla from Herbert Myers, Frank Smith and Frank Senoling, young men from Anderson.

The five climbed back four miles up the mountain to recover what they supposed was Graham's body.

Somehow or other, the five lifted, pulled, dragged and in open spots carried the helpless Graham four miles to Manzanilla Lake, where they got an automobile to take them to a distant it was unsafe before they

Jesse Wright and J. H. Reagan of this city arrived home shortly before 10 o'clock after a thrilling car ride on the mountain. Early in the day they were caught in the thick sulphurous smoke from the crater, and saved themselves from suffocation by lying flat on their faces and digging holes in the earth. They were covered on their return with a coating of mud and volcanic ash that made them almost unrecognizable. They said they had been within three-quarters of a mile of the crater.

**FORESTER UNINJURED**  
MINERAL, Cal. June 15—Superintendent Rushing of the United States forest service station here, was uninjured in the eruptions yesterday at Mount Lassen. He was not on the mountain in fact, at the time of either eruption and the report that he had been mortally injured grew out of confusing him with Lance Graham in talking to Redding over a faint telephone wire.

**INDIANS IN TERROR.**  
CHICO, June 15—The few surviving Indians of the Modoc tribe and the Digger Indians in this vicinity have burned their belongings and are preparing for their extinction and passing to the happy hunting grounds, where the hosts of their dead forefathers await them.

Mount Lassen, according to an old tradition of the tribes has given the warning the Indians await the end. Once before, 25 years ago, when the Indians were driven from the mountain, they were unusually active, the Modocs and Diggers decided that the predicted eruption of Lassen, with the end of human life on earth was imminent. The activity subsided, however.

**SCIENTISTS CANNOT OBSERVE.**  
SAN FRANCISCO, June 15—Although the activities of Mount Lassen are perhaps the most interesting geological phenomenon in the country now offering opportunities for contemporaneous observation, it seems unlikely that any scientific report will be made on them until after they have subsided. The United States Geological Survey has a geographer in Sacramento, but no geologist in this territory. The state Mining Bureau would like to send a man to do so, inasmuch as the territory surrounding Mount Lassen has been the subject of a recent report. The United States Mining Bureau, which has an office here, is not interested in volcanoes.

The United States Forest Service is not at all interested in the information it has but its men are familiar with mountain conditions only in an open air way, and are not specialists in geology. The United States Geological Survey, however, has a geographer in Sacramento, but no geologist in this territory. The state Mining Bureau would like to send a man to do so, inasmuch as the territory surrounding Mount Lassen has been the subject of a recent report. The United States Mining Bureau, which has an office here, is not interested in volcanoes.

News of what the president said and of the giving out of the circular letters spread quickly to the capital, where it became the subject of animated discussion in both houses of Congress.

**Colonel's Testimony in Recent Suit Is Text for Yale Speech.**

NEW HAVEN, Conn., June 15—"Something is radically wrong in the mental processes of the electorate, or the patriotism is at last gasp, when with hardly a whisper of protest, a retired Chief Executive may drag to representatives of the people of his treacherous scheme to intrude on State rights and violate otherwise the fundamental law by establishing a military receivership over coal mines pending a strike, admitting without a suspicion of decent shame that he had well considered that his offense might be impeachable if committed by an impeachable man, and because the acts planned would have been unconstitutional and lawless," said Judge Alton B. Parker of New York once a candidate for the presidency, in addressing the graduating class at the Yale Law School today.

Continuing, he said:

"Our forebears clear of head and far of sight anticipated just such vicious attacks by those in power and sought to insure to us a government of laws and not of men and through their wisdom such a government is ours for a little while longer."

The true patriotism, the speaker said, is the only brand that will produce real citizenship and is free from selfishness and short of pyrotechnics.

Senate with the aid of all the means at his command.

He expressed the view that business was as good if not better now, than a while ago, and that it would be less apt to have the trust legislation program completed than to be confronted with a period of uncertainty which would accompany delay.

One of the circular letters which came into possession of the White House, was circulated by the Simmons Hardware Company of St. Louis. E. C. Simmons head of the company, had been selected for a member of the federal reserve board and his nomination was to have gone to the Senate today.

**APPOINTEE REPLACED.**  
This morning it was announced at the White House that Simmons had declined the place and that Charles A. Hamlin of Boston, now an assistant secretary of the treasury, would be nominated in his stead. While House officials emphatically denied, however, that the circular letter sent out by the company was a forgery, they admitted that the letter was a forgery.

A circular letter made public, purported to have been sent out by the Pictorial Review Company of New York was signed by W. P. Ahnelt and was dated May 1 and enclosed a draft of a letter which proposed the views of a majority of the thinking business people of our section of the country and should be addressed to the President of the United States, the Congress and members of the Interstate Commerce Commission, respectively. The letter concluded:

"If you prefer to use copies of the enclosed letter, we will mail you as many as you can conveniently use. It will be more effective, however if you write them on your own letter heads."

The form letter attached was an appeal for postponement of trust legislation and a five per cent freight rate increase for the railroads.

Home economics and public health were the subjects of the day's sessions as outlined in the program. Eugenics, sanitation, pure food legislation, tuberculosis and compulsory education were among the leading topics.

**BIRTH RECORDS URGED.**  
Miss Julia Lathrop, head of the Children's Bureau of the Department of Labor, made a strong plea for compulsory registration of every birth.

"Legal record of birth is the only means of preserving the lives and rights of children, and no American baby should be deprived of that right," she said. "Only by prompt registration can nurses and doctors discover the children who most need care. It is only thus that we can stamp out blindness of the newly born."

Dr. Charles E. Rockhill of Cincinnati urged the women's club to work for playgrounds and breathing spaces in congested city districts as part of the fight against tuberculosis.

**SCIENCE IN HOMES.**  
Demand for rigid laws in every State in the Union that certificates of freedom from communicable disease should accompany every application for a marriage license, was formulated in a resolution submitted today by Mrs. S. S. Crockett, chairman of the public health departments of the federation.

A plea for the utilization of scientific knowledge acquired in recent years and its direct application to household duties was made today by Miss Helen Louise Johnson of Cincinnati, chairman of the home economic committee, in her report.

There is too much static learning, too little dynamic utilization of all we have learned in the lives of the world workers," she said.

Resolutions were adopted as follows:

Protesting against suggestive stories in magazines and pleading members of the federation to subscribe for only those publications whose columns are clean.

Flooding support to a national centennial celebration at Baltimore in commemoration of the corporation of "The Star-Spangled Banner."

## MILITANT BOMB DAMAGES CHURCH

St. George's, Hanover Square, Latest Scene of Destructive Campaign.

LONDON, June 15.—A bomb, believed to have been set off by suffragettes, exploded in St. George's Church, Hanover Square, last night. Coming to close upon the bomb outrage in Westminster Abbey, the desecration of this famous edifice has increased alarm as to how far militant women intend to carry their outrages.

The caretaker of St. George's had locked the church after an inspection on the conclusion of the evening service. A few minutes after 10 o'clock a passer-by found an explosion. The bomb had exploded in front of the lectern and the front windows were damaged by the explosion and a person directly in front of the lectern was wounded.

FAMOUS PAINTING ESCAPES. The famous painting of the "Last Supper" by Sir James Thornhill, which adorned the window above it was splintered.

Firemen found a tin box and placed a candle in the overturned pew. A member of the congregation said the pew was occupied at the evening service by a woman in a checked dress. An envelope was found in the church on which was written: "A protest against the torture of women."

St. George's church was built in 1713-24. It has long been a favorite church of the suffragettes. In 1905, when President Roosevelt was married there in 1896. While judges of the high courts and the lord mayor were attending service in St. Paul's Cathedral yesterday, according to annual custom, several suffragettes interrupted with protests against the torturing of women. Two women found chained to seats were removed. As they were carried out they shouted: "God save Mrs. Pankhurst."

MILITANT MEETING STOPPED. A crowd overran a platform in Hyde Park today, where a militant flag was raised, before four men who were holding a meeting were able to begin their speeches.

The police got the men to the station for protection with difficulty. Two meetings in Hyde Park, of non-militant suffragettes, organizations, were broken up and it required a strong police force to quell the disturbances.

According to the Daily Express the authorities have discovered that the militant suffragettes may regular tariff rates for the commission of acts of violence. As an example it says \$250 is the price paid for slashing a strong picture.

## SMOOT DENIES HE DID PLAGIARISM

Memorial Day Quotations, Senator Asserts, Were Used as Such.

WASHINGTON, June 15.—Senator Smoot of Utah, replying to a charge made in Chicago that he had been guilty of plagiarism in his Memorial Day address at Arlington National Cemetery, explained that he had used as quotations a poem and description which had been handed him by an old soldier, and that he had specifically referred to them as having been "well said."

"My attention was called today," the senator said, "to an Associated Press dispatch in which Jasper T. Darling complained in an open letter to myself that I used, in my Arlington speech, on Memorial Day, a poem of his and other parts of a speech delivered by him two years ago. I have not received the letter from Darling as yet. The facts are that an old soldier handed me the poem referred to and also the description of the battles of the Civil war, with certain comments and suggested that I use them at Arlington. I did so and in my speech, as printed in the form of a public document, it will be noticed that I put the poem and description in quotation marks and before the description the words 'well has it been said.'"

"I did not give Darling credit and did not claim it for myself. I will take pleasure in answering Mr. Darling's letter."

THE TRIO OF COWBOYS, CLAUDE HAMLIN, STEPHEN RYAN AND A. L. ASHEN, ARE INTERESTED IN THE BRONCHO BUSTING FEATURING OF THE LIVERMORE INDEPENDENCE DAY CELEBRATION. BELTON JOSEPH L. CONCANNON, CHAIRMAN OF THE BRONCHO BUSTING COMMITTEE.

## Wild Horses and Bold Cowboys in Big Celebration

LIVERMORE, June 15.—The preliminary events for the broncho busting contest of the Livermore Fourth of July celebration took place on the Concannon ranch today. There were half a hundred wild horses and half as many riders and a large number of spectators for many of the riders brought friends and backers with them to get a line on what their rivals can do.

This feature of the Livermore celebration has taken like wild fire on the Livermore ranges because of the announcement that no fake riding would be permitted and that the event would be open only to legitimate range riders from the hills. Joseph S. Concannon has charge of this event, and he is being aided by the members of the Stockmen's Protective Association in procuring talent both human and equine.

Participants are coming from all over the region. SOME SKILLED RIDERS. Frank Peters and Bill Ferguson will come from Stockton and George Wilson from Salinas. From the Mt. Diablo country will come Ambrose Walker, Elmer Cameron, Albert Stone, Roy McCraney and Leo Radcliffe. Hans Lembeck has entered from Los Banos. Niles will send Bill Cato and Irvington will have two entries in Manuel Valencia and Sam Howe. Claude Hamlin of Livermore will also take part.

There will be prizes for the best bucking horses as well as for the best riders, and a large number will bring animals that have never been ridden before. "Red" Walker of Walnut Creek has a string of such. Dan Bagley has a couple of wild ones which he thinks no one can ride. M. R. Murray will enter two horses. Lester Hubbard will bring a horse from the Oristepa country. Joseph S. Concannon and Mark Draught of Livermore will produce some hard ones to ride.

SPECIAL TRAIN SERVICE. The Southern Pacific has announced a special train to Livermore on the Fourth of July, to leave Oakland at 9 a. m. and return, leaving Livermore at 1 a. m. The fare will be \$1.20 for the round trip, which is only a one-way fare. Grand Marshal Dave McDonald has appointed the following aids for the parade on the morning of the Fourth:

## LAST RITES SAID FOR MRS. TYRREL

Funeral Is Held for Wife of Former Sheriff of County.

The funeral of Mrs. Harriet Oliva Tyrrel, widow of the late J. T. Tyrrel, former sheriff of Alameda county, was held this afternoon from the house of her son, Charles A. Tyrrel of 376 Sixty-second street. Rev. George W. White, pastor of the First Methodist Church of this city, conducted the services.

The decedent died last Saturday evening at the Kings' Daughters of California Home for Incurables, where she had been confined for the past three weeks.

Mrs. Tyrrel was a native of Michigan and was 70 years of age. With her husband, Mrs. Tyrrel came by emigrant wagon from the East in 1860. She taught school in Stockton for a number of years.

Her surviving family include: Nettie Layman; a brother, George Tyrrel, a daughter, Mrs. I. H. Tuttle and seven sons, George A., Charles A., Horace W., Harry M., Clarence W., Fred C. and Harry M. Tyrrel.

## TIME FAILS TO RECONCILE PAIR

Mrs. John W. Matthews Will File Suit for Divorce Against Husband.

Following a trial separation of nearly a year, Mrs. John W. Matthews of 551 Walsworth avenue is preparing to file suit for divorce against her husband, a prominent Elk and a director of the National Dog Breeders Association, on the charges of incompatibility, cruelty and neglect. The couple agreed to separate temporarily last July and drew up an agreement for separate maintenance in the hope that a lapse of time might bring about a reconciliation. Their original differences are as strong as ever, however, and the recourse to the courts has proved inevitable.

Mrs. Matthews, who is prominent in east bay club and society circles, has taken apartments at the Hotel Athens, while Matthews is residing with his brother, H. L. Matthews, at 249 Perry street. "I shall seek the divorce on the grounds of mental cruelty and incompatibility," said Mrs. Matthews this morning. "It is simply and purely a question of differences of temperament, and no other factors enter into the matter. My husband will not come to the suit, and the property rights will be settled out of court."

## AMBASSADOR HAS BALKED ORDER

The Expulsion of Greeks From Constantinople Put Off.

CONSTANTINOPLE, June 15.—The American ambassador to Turkey, Henry Morgenthau, has used his good offices to delay the order to expel the Greeks from Constantinople, which was issued at Smyrna for the dismissal of Greek subjects employed by foreign commercial houses, including several American firms.

The relations between Turkey and Greece have been strained ever since the alleged persecutions of the Greeks in Asia Minor and it is because of these persecutions that many thousands of Greeks have left Turkey or been forced out of the country and are returning to the home land.

ATHENS, June 15.—The American and British vice-consuls at Smyrna have gone to Mitylene to investigate the situation of the Greek refugees who have arrived there from Asia Minor.

A recent official dispatch from Mitylene which lies off the coast of Asia Minor, reported an attack by the Turks on the island of Chios, which has a population of 25,000 Greeks.

## BLAMES NATION FOR UNEMPLOYED "ARMIES"

That 2,000,000 workers are idle in the United States because this country is producing for profit instead of use was the opinion expressed by the Rev. Robert Whitaker of Los Gatos in an address last night in Rice Institute, Oakland.

"The immigrant or the poor youth is forced to overcome almost impossible obstacles to make his mark in the world," declared Whitaker. "It was only after almost endless labor and struggle that determination that the late Jacob Kolls succeeded in making his mark."

"The saloon, the hotel runner and hundreds of forms of vice tend to keep the immigrant and the poor American down. The city and the nation should endeavor to improve conditions."

## AKED TAKES VACATION: IN QUEST OF HEALTH

SAN FRANCISCO, June 15.—Dr. Charles F. Aked, pastor First Congregational church, will leave today for his vacation, to seek complete recovery from the neuritis which has been troubling him for some time. He has given orders that all mail be forwarded to him in his absence.

Dr. Aked yesterday announced the visit of Dr. Charles M. Sheldon, author of "In His Steps," who will address the congregation of the First Congregational church in Temple Emanuel-El next Sunday morning.

## SPANISH WAR VETERANS HOLD ANNUAL REUNION

ST. LOUIS, June 15.—More than usual interest was manifested today in the opening here of the four-day encampment of the Spanish-American War Veterans of Missouri, because of the fact that the veterans will be a military parade of 54,000 men tomorrow evening and a military ball Wednesday evening. The Military Order of the Serpent will also hold a small convention.

## SOCIAL WORKERS TO GIVE LUNCHEON

Alameda Club Function to Be Presided Over by Miss Anita Whitney.

Miss Anita C. Whitney, former president of the California Civic League, and now active in connection with the protection of girls coming to San Francisco during the Panama-Pacific Exposition, will preside at the June luncheon of the Alameda County Social Workers Club tomorrow noon at the Young Women's Christian Association cafeteria.

Dr. W. J. G. Dawson, for more than 10 years head of the Sonoma State Home at Eldridge, for the care of the feeble-minded, will speak on the "Needs of the Feeble-minded in California." Dr. Dawson comes to Oakland on a special trip to meet the social workers at their urgent request, since the provision of mental institutions is so closely associated with juvenile and adult vice and crime.

A nominating committee, composed of John Fletcher, Olie F. Snedigar, Miss Ida Green, Miss Mabel Wood and Miss Grace Graham, will submit a list of officers for the ensuing year. All who are interested are welcome and should telephone to the manager of the club, Probation Officer Christopher Russ, in advance.

## HENRY RALSTON, IRON FOUNDER, PASSES AWAY

SAN FRANCISCO, June 15.—Henry Ralston, pioneer in the steel business in San Francisco, died yesterday morning at his summer home in San Anselmo, after suffering from a cough and Dr. F. J. Ralston was born in Greenwich, Scotland, November 22, 1812. He came to San Francisco in 1840, and engaged in the iron business, founding the Ralston Iron Works, which he remained the head until his practical retirement in 1904. He retained the vice-presidency until his death.

Ralston is survived by his widow, Mrs. Angelica Ralston; a son, H. J. Ralston, president of the Ralston Iron Works; two daughters, Mrs. Catherine Fane, wife of J. Russell Fane of Santa Rosa, and Mrs. Angela Regan, wife of Alfred T. Regan, and by two brothers, John Ralston of Oakland and Alexander Ralston of Australia.

For the past two years Ralston had been under the care of Dr. H. H. Yerger, of San Francisco. The nature and severity of the affection from which he was suffering precluded all chance of recovery.

## PLUNGES INTO BAY TO RESCUE GIRL'S HAT

SAUSALITO, June 15.—Edwin S. Schrader, trustee and former mayor of San Anselmo, featured in the aquatic programme of the water pageant here yesterday with an act of chivalry, mingled with comedy.

Schrader was watching the boat races from a pier, when a sudden gust of wind lifted the beautiful new hat from the head of Miss Edna Earl, Ross society belle, and deposited it in San Francisco Bay. Schrader, in a moment later, still clutching the hat in his hand, he was hauled back to safety.

As his fingers closed on the plumage, the slip broke and Schrader, hat and all, disappeared from sight. A moment later, still clutching the hat in his hand, he was hauled back to safety.

## ENGINEERS ARRIVE FOR R. R. SURVEY IN ALASKA

SEWARD, Alaska, June 15.—V. E. Edes and Lieutenant Fred Mears, U. S. A., of the Alaska railroad engineering commission, arrived yesterday with a party of surveyors from Seattle en route to Ship Creek to begin work on the survey of possible routes for the government railroad.

Mr. Edes and Lieutenant Mears made an inspection trip yesterday over the Alaska Northern Railroad, which runs from Seward 90 miles toward the interior, and departed last night for Ship Creek. After establishing a camp at Ship Creek, Mr. Edes will return to Seward to establish headquarters for the engineers working in this part of Alaska.

## UNIVERSITY GLEE CLUB TAKES LONDON BY STORM

LONDON, June 15.—The thirty-two members of the Glee Club of the University of California, now in London, are having a fine time and have already captured the British city. They are easily recognized everywhere by their American manners and their high-crowned straw hats. This is the only American Glee Club that has ever visited London, the first trip having been made three years ago. The boys, while agreeing that

are agreed that the London night clubs are really good. They were entertained at Murray's Club on Friday night and sang their college songs so loudly that Nelson's column vibrated.

On Tuesday night they will give a concert at the Chelsea Town Hall and leave on Wednesday for Berlin, going thence to Switzerland and Paris.

## Business Prospects Improve.

Oakland's affirmation of the auditorium bonds will have a salutary effect, in the judgment of many business men who believe the expression at the polls will go a long way in restoring confidence in enterprise on this side of the bay. The action taken has settled a vexing question in a decisive manner and has demonstrated the civic spirit. As a result of this election those engaged in securing great meetings for next year have an incentive to work, and will redouble their already highly successful efforts.

Voting these bonds means an expenditure of \$700,000 very soon, for there was \$200,000, approximately, in the treasury not yet expended, although contracts for the work had been let. The addition of this sum to trade channels will be appreciably felt and will stimulate local business to a gratifying extent.

But the auditorium election was not all that occurred last week to cause satisfaction among those who believe in the future greatness of Oakland. The building permit record was such as to provoke admiration, representing an immediate outlay of \$123,547. Real estate business was very lively and conditions gener-

unity and co-operation is maintained, and by the time the great fair opens this city will be in a position to pleasantly surprise all easterners who visit, as well as its own people and neighbors generally throughout the State.

Other east bay cities are entitled to congratulation on their prospects also. Berkeley, Richmond, Alameda, San Leandro, Emeryville, all are manifesting signs of an activity that means large revenue for those engaged in trade, provided this purchasing of home industry movement receives the proper endorsements and support. While all the east bay cities are growing in greatness, their increase would be still more substantial if their citizens would spend more for what they require in staple articles, necessities and amusements in their home towns. For no prosperity is lasting that produces at home and spends elsewhere. Residents of east bay sections should bear this in mind and work together to the end that money be kept at home by the means suggested, instead of being carried away and lavished on merchants and tradesmen who have no interests here whatever.

## Proposed Eight-Hour Law Impractical

THE TRIBUNE believes in an eight-hour law wherever practical. Its employees work under an eight-hour system and those engaged in its mechanical departments fix their own salaries. But it is apparent that the proposed omnibus bill, known as the universal eight-hour law, which will be submitted to the voters at the November election, will not be a practical measure when applied to agricultural pursuits. This bill reads:

Any employer who shall require or permit, or who shall suffer or permit any overseer, superintendent, foreman, or other agent of said employer, to require or permit any person in his employ to work more than eight hours in one day, or more than forty-eight hours in one week, except in case of extraordinary emergency caused by fire, flood or danger to life or property, shall be guilty of a misdemeanor, and under conviction thereof shall be fined not less than \$50 nor more than \$500, or imprisoned in the county jail not less than ten days nor more than ninety days, or both such fine and imprisonment.

There is no alternative suggestion in the measure as presented that will furnish a valid excuse for an employer to permit overtime except in the expression "danger to life and property." True, a court might construe the picking of fruit to avoid spoiling, or the harvesting of a crop threatened by rain as a danger to property, but that would be a far-fetched conclusion and one cannot safely predicate such action except in isolated instances where the burden of proof would be on the defense and would have to be in such redundancy as to admit of no doubt, thus reversing the accepted method of adjudication in criminal cases.

According to figures furnished by the California Development Board, the agricultural interests of the state are divided as follows: Cattle, horses, sheep and swine, \$77,584,300; dairy products, \$34,950,552; eggs and fowls, \$18,205,896; cereals, hay, potatoes, sugar beets, \$126,516,800; orchard and vineyard products, \$114,513,120; total, \$371,770,668.

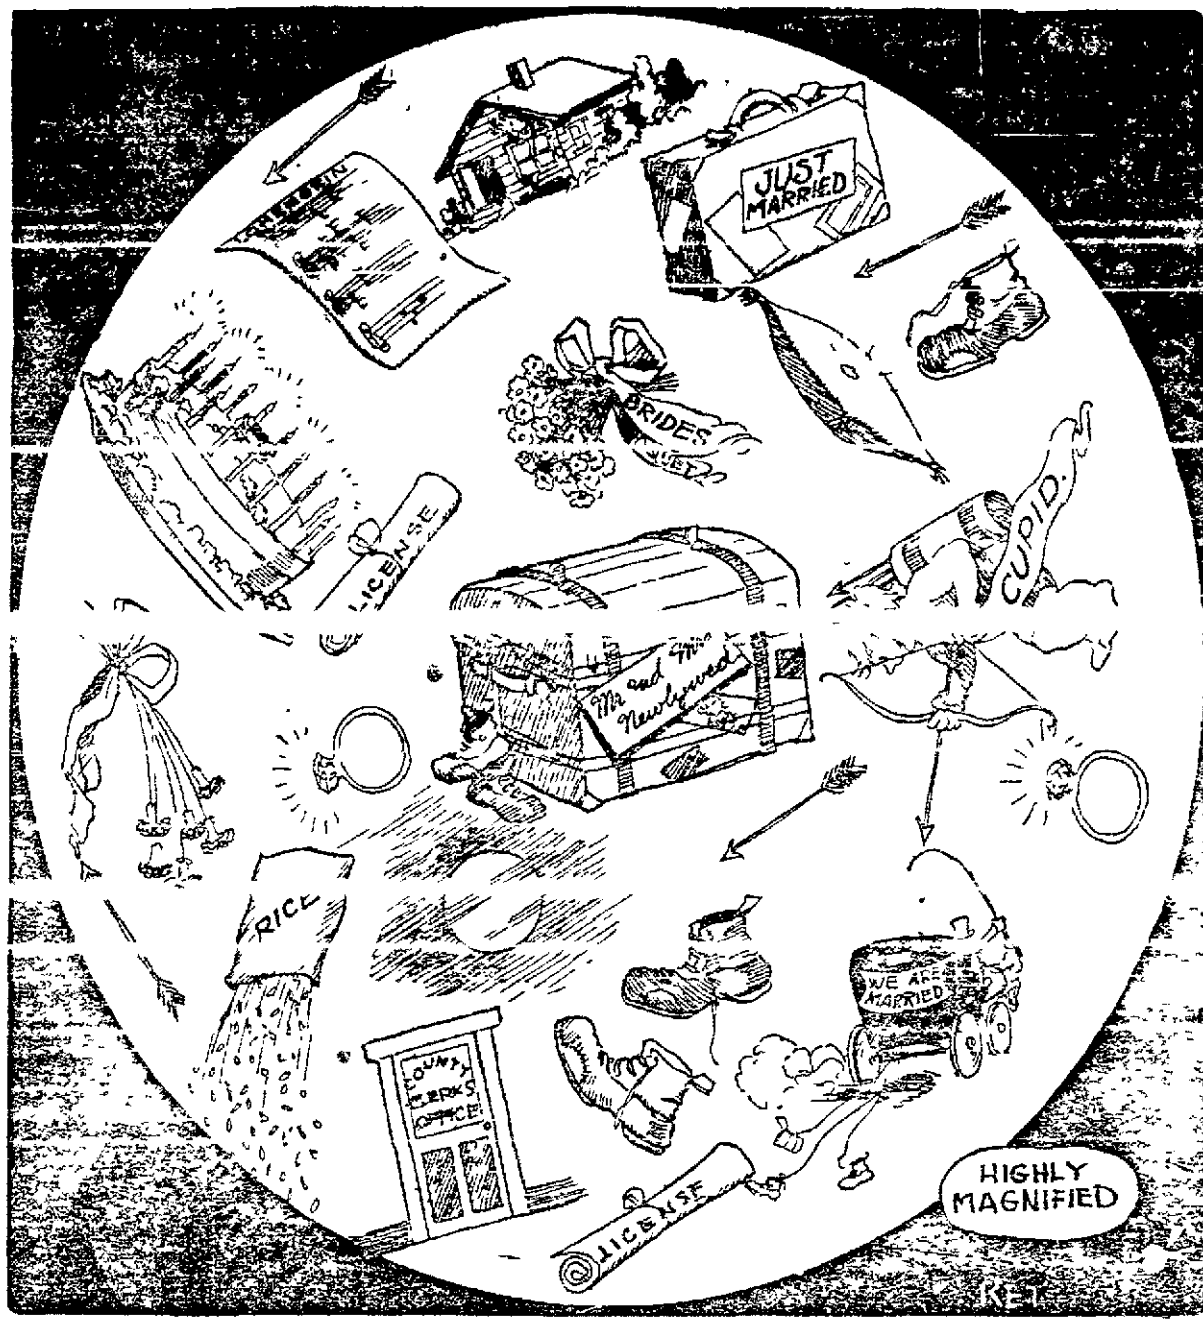

It requires no stretch of the imagination to conclude that such an enormous industry is of importance to every worker in the state, be he engaged in it or other pursuits. To restrict it means loss to the wage-earners of every occupation, because, as this paper has stated many times, all prosperity, reduced to its last analysis, has its foundation in the products of the soil. In this connection it may be well to interpolate the statement that any action calculated to hamper the product of the worker of the soil will have its compensation in an increased cost of living, and that is a condition against which all men are contending.

While a family engaged in tilling a farm could work overtime during the rush of a harvest, its hired help could not. With the striking of the clock the picking of fruit that should be picked would cease, for it will be noted that this measure provides for no overtime hours of labor being limited absolutely to eight hours a day, or forty-eight hours a week. With the hour for quitting the wagonload of grain would be halted on its way to the crib, for the law is imperative. When the timepieces announce the time for ceasing effort, the irrigationist must perforce abandon effort, for the law forbids a continuance. Why, under this measure the hired man would be forced to await the punching of the time-clock by the cook in order to obtain his breakfast, because the cook is a laborer, just the same as the man who picks the apples and the oranges, or who runs the reaper or follows the plow.

While those who initiated the measure were no doubt inspired by a desire to benefit their fellows, it is evident from reading the provisions that a sober second thought was lacking; that a consultation with men engaged in agricultural pursuits was not held and that the plan is imperfect.

It is noted that a strong sentiment exists against the passage of the bill, especially in the farming sections, and this sentiment is correct. This bill should be defeated. If it is desired to have an eight-hour law, let there be one formulated which will not hamper the agricultural industry, so that the greatest industry in the state may not be affected by a rigid law that would make of

## A JUNE GERM

## Indian Maids for Domestic.

Fifteen Indian maids, Hoopa, Shawnee, Washoe and Pahr-Utes, have been brought to Berkeley to take places as domestics in private families. It is related that these girls will sew, cook and wait on the table during the summer season, their compensation being from \$15 to \$20 a month and found. They are students at the Carson Indian School at Stewart, Nevada, where with about 150 of their red-skinned sisters, they are grounding themselves in domestic science, meaning the arts that go toward qualifying women for the duties of housewives.

This service upon which the girls will engage is a sort of summer vacation and it is fair to presume they will make good. While primitive Indian cookery is looked upon as somewhat crude in method, those of us who have dined in the tepee when hunger was the sauce, well recall that the results obtained were soothing and satisfying in the extreme. True, there be some who may be inclined to think that a round of beef wrapped in the hide of the animal and roasted for seven or eight hours in a covered pit is not up to the standard and may turn up their noses at the suggestion that it equals the roast beef au jus of the maitre d'hotel, but they have never ridden a mustang pony all day with nothing but a little "jerkie" and a small portion of water for sustenance; have never hauled the wrinkled countenance of a squaw as the shadow of a great rock in a weary land. Incidentally it may be said that while this plan may not be looked upon as the delectable imaginings, those who entertain suspicions have never seen tomatoes canned, salmon, canned or ketchup made for sale.

The theory of the Indian cook is to preserve every essential in the food saved; to allow nothing in the form of nutriment to escape by any means of process of preparation. This accounts for the practice of wrapping a duck, feathers and all, in a wad of clay and baking it, or applying the same process to a fish.

It is safe to assert that these Indian girls have inherited all the lore of their forefathers and their foremothers in this respect, and that the primitive idea, accentuated by modern will result in the concoction of dishes such as the Berkeley women who have engaged these daughters of the forest never dreamed. The ultimate will be watched with interest, for, if the Indian girl succeeds in solving the domestic problem and showing herself capable of catering to the taste of the race that has crowded her species to the wall wherever opportunity presented, all of us may be impelled to rise up and call her blessed and rejoice with a joy unmeasured that our fathers came and took the land. As a mild sort of prediction we make the assertion that these girls will make good and none of us are so narrow in our beliefs as to wish otherwise. There is only one danger, the sons of the families served may be so delighted that they will contract matrimonial alliances to the wrecking of mother's kitchen arrangements, and perhaps that ought not to be designated danger, for from the loins of the Indian woman from Memphremagog Lake to the statue of Sacajawea have sprung men of whom any nation might be proud and the amalgamation of the white with the North American aborigine has in many cases proven highly beneficial to civilization.

The Colonel having announced he would talk neither American, English or French politics during his stay in London, we may now look for the greatest exhibition of self-control in all history's record.

## Twenty Years Ago Today

The attempt of the town trustees to remedy the troubles with the municipal pound by substituting a salary for fees has resulted in a failure. The town adopted in accordance with the popular wish. Now assured of his salary, the poundman is rarely, if ever seen on the streets, with the result that the town is overrun with vagrant animals.

The marriage of Captain John Leggett and Miss Amelia Fichmadake of Hayward will take place next week.

Mrs. H. A. T. is now in the hospital at her home in Berkeley.

Berkeley is in the throes of a revolution. The trouble is on account of the license imposed upon all business men by the town. Previous to the last election these licenses were collected in a happy-go-lucky way, some paying while others were allowed to go scot-free. As soon as Town Marshal Striker assumed office, he set about to enforce the collection of all license dues. A prolonged howl was raised at the innovation and the marshal was forced to make several arrests before the recalcitrant ones decided to pay.

The graduating exercises of the Oakland High School took place in the First Congregational church, which was crowded to the doors by an immense audience. The exercises were a complete surprise very original and exceedingly unique and were well worth a visit to anyone who is interested in such matters.

At the graduation exercises, all over the country, the high school graduates fell into line and instead of the ordinary recitation and oration, there was a well-organized meeting on the stage, conducted under the strictest parliamentary "rules," when in a very strong and able manner the leading questions of the day were discussed. There were seventy-five graduates on the stage, organized into a Social Economic Union, and for the first time in any graduation exercises, every pupil was heard from.

## STATE OFFICIAL DIES IN OAKLAND HOME

As a result of an acute attack of heart trouble, A. Langley Hart, secretary of the State Compensation Insurance Fund of California, died at his home, 857 Sixty-first street, early yesterday morning. Hart was at his office in the Underwood building in San Francisco, last Saturday. Three years ago Hart came from the east to assume his duties as manager of the American Fidelity Company of Portland, Ore., which was concerned with drawing from the Pacific coast, he went to Los Angeles, where he became manager of the Massachusetts Bonding Company. Last December he was appointed to the secretaryship of the State Compensation Insurance Fund of California, a position he held until the time of his death.

The decedent is survived by a widow, his parents and a brother in law, Walter, Ala.

The funeral will be held tomorrow at 2 o'clock from the Anker undertaking parlors, under the direction of the Oakland Lodge of the B. F. O. E. in the Evergreen cemetery.

## FUNERAL SERVICES FOR LATE WILLIAM HEAFEY

After a brief illness, William Heafey, a street and bridge contractor, died yesterday at the family home, 459 Orchard street. He was active in the Knights of Columbus and the Ancient Order of Workmen of this city, where he had resided for a number of years.

The funeral will take place from Sacred Heart church next Wednesday morning.

# CONTRA COSTANS PLAN KNOWLAND RECEPTION

## Big Crowds to Gather at Great Non-Partisan Meeting for Congressman

RICHMOND, June 15.—A public meeting of a non-partisan nature, which will attest the appreciation of the people of Contra Costa county for Congressman Joseph R. Knowland, will be held tomorrow evening at the auditorium of the Lincoln school house, in Fourth street, when the Alameda congressman will open his speaking campaign for the Republican nomination for United States senator from California.

Men and women of all political belief have united to make this meeting the most stupendous success which has ever been held in this city or county. The special action train from Martinez will arrive here shortly after 8 o'clock, after having picked up its quota of leading citizens of the county from all of the waterfront towns. There will be plenty of stirring music and fireworks and the firemen of the town will be on hand to make the crowd that will assemble.

Until two years ago Contra Costa county was in the old Third Congressional district, and Congressman Knowland's efforts won him many friends, particularly in Richmond, where his efforts for the federal recognition of the Richmond harbor project from the initial survey to the favorable action by congress upon the first appropriation of \$100,000 assures him of a big majority here on election day.

The list of vice-presidents of the meeting include:

# WRITES "MOTHER"

## Madeline Bram Asks Foster Parents to Think Kindly of Her.

SAN FRANCISCO, June 15.—Madeline Bram, the 17-year-old Los Angeles girl who ran away from home and has found a haven of refuge with Mrs. Leon Eubanks, this morning wrote a letter to her foster mother in the southern city. For the first time since she parted from the woman whom she says was attempting to marry her off to a man old enough to be her father and whom she did love, she brought herself to communicate with Mrs. Bram. In the message, she asks that her foster-mother think kindly of her, and requests her to send her clothing and little keepsakes which adorned her room, in order that she may be provided with the articles which she needs.

It was learned today that Miss Bram was the beautiful center of the delighted congregations mornings and evenings at the Park Congregational church of this city. Mrs. Eubanks took the girl to the church, but introduced her under another name in order that she might not attract undue attention. Her voice, which is a beautiful soprano, added greatly to the music, and she was the recipient of much praise.

In the afternoon, she visited the county jail with her protector and took part in Sheriff Eggar's entertainment for the benefit of the prisoners. "Madeline is hopeful of finding her own brother in Frank a Stone, who recently communicated with her," said Mrs. Eubanks this morning. "It may be that the young man will come here to live with us in the event that he proves to be her brother, and it will mean a nice association for her. She is hopeful of securing an engagement to sing in some choir in one of the bay cities. She has a wonderful voice and when she gets over the timid state that she is now in, I believe she would prove a welcome addition to any musical organization."

# May Solve Mystery Of Ella G. Winter

BALTIMORE, June 15.—D. Meredith Reese Jr., the last person known to have seen Ella G. Winter, the stenographer, whose body was found floating in Curtis Bay last week, has been asked to visit Attorney Green of Ann Arundel county to tell him what he knows of the case. Reese has already declared that the last he saw of Miss Winter was when he left her on the shore after she had paid him a visit on his home-boat. He said he was of the opinion she had committed suicide.

# Puts Ban on Boxing And Vaudeville in California Prisons

SACRAMENTO, June 15.—Vaudeville and boxing are recreations of the past in California prison life, according to a statement made yesterday by Colonel Charles Sonntag, member of the state board of prison directors. For a while prisoners were allowed to put on vaudeville shows with prison talent. Later it became popular for stars both from the legitimate and vaudeville stage to give exhibitions in the prisons. The result was that the inmates became restless and more eager for liberty. Plots, conspiracies and schemes to escape almost invariably followed the presentation of some theatrical attraction.

Boxing was discontinued because it promoted the brutal instinct in prisoners and resulted in one prisoner taking spite out of another inmate.

On July 1, 1913, the prisoners are to have a big celebration in the prison, but pie-eating contests, watermelon-eating contests, racing baseball and the like will compose the bill of amusements.

Heretofore it was vaudeville and boxing.

# RIVAL PARTIES VOTE IN ROME

## Spirited Contest in Election; Colonna in Vigorous Fight.

ROME, June 15.—General municipal elections were held yesterday at Rome, Milan and Turin. Of special importance was that in Rome, where the contest for supremacy lay between the forces who are headed by Ernesto Nathan, for six years mayor of Rome, and an alliance headed by Prince Colonna.

The results of the election will not be known until tomorrow, but according to returns the Colonna faction seems to have the advantage. The strike here and the revolutionary movement in other parts of Italy strengthened their cases.

# Experience Adds to Knowland's Strength

Hon. Joseph R. Knowland has returned to his Alameda home and is already engaged in his campaign for the senatorial nomination. The people are everywhere strong for Knowland. They realize that they have in him a strong man to succeed Senator Perkins. Knowland has had seventeen years of legislative experience, ten of it in the House of Representatives. It is said that Mrs. Knowland will accompany her distinguished husband on his speaking tour for the purpose of interesting the ladies in his cause.—St. Helena Star.

# Has Clean Record; Need Not Fear

"No man with a clean record running for the Senate need fear the people," declared Congressman Joseph R. Knowland of Alameda before the House recently when he spoke in favor of temporary legislation providing for the election of Senators by a popular vote. He himself being a candidate for the Senate from California, his speech was made from a personal viewpoint, as well as from the viewpoint of the elector, and personally, he declared, he asked nothing better than the people's verdict in any matter with which he was connected. Knowland's unqualified declaration that "no man with a clean record need fear the people" is the slogan that is going to make his nomination a success.

Knowland has a more spotless record than "Joe" Knowland, and his successful career in the House of Representatives has made him one of the foremost men in the national lawmaking body. California is in a position to have a man of Knowland's ability ready to take Senator Perkins' place in the United States Senate.—Vallejo News.

# SOUTHWEST IS SWEEPED BY STORM

## Dam Breaks and Flood Waters Devastate Big Cotton Fields.

EL PASO, June 15.—Leaving a trail of desolation in its wake a terrific rain and electric storm swept over this section of the southwest last night. Traffic on the Texas & Pacific and the Galveston, Harrisburg & San Antonio railroads is tied up by washouts five miles east of this city. Two passenger trains are marooned. COTTONFIELDS FLOODED.

CALEXICO, June 15.—Eight hundred acres of cotton on the Abbott ranch in Lower California are covered with eighteen inches of water from the overflow of the levee at Volcano lake, which began five days ago. It is reported here. Ranchers are fighting hard to save the rest of this 5,000-acre ranch.

Volcano lake is said to be rising as result of the flooded condition of the Colorado river.

The break in the levee was caused by water from the flooded Colorado river filling Volcano lake far above its usual level. The levee break is about 150 feet long, and at one time three feet of water was running through. Water in the lake is reported to be rising.

DANGER DIMINISHES.

The United States reclamation service at Yuma last night announced, however, that the crest of the high water had passed and that the Yuma project was intact. The crest was 126,000 second feet, slightly above the average annual maximum.

Two breaks in the Alamo river levee southeast of here were reported. However, trouble is not feared there.

The Abbott ranch, near Cocopah, consists of 5,000 acres, 2,000 of which are in cotton. A ditch built up into a small dike is holding back the water at present. Damage to the cotton is estimated at \$48,000.

A force of 250 men is working day and night on the Volcano lake levee. Five thousand sacks will be sent there today, and 40,000 more have been ordered from Los Angeles, to be filled with sand and dumped on the top of the levee.

# THOUSANDS CHEER

## Great Throng at Dedication and Opening of Old Mission.

Another historic landmark has been added to the collection which, in California, tourists pause before and natives regard with reverence. With impressive ceremonies yesterday the Native Sons and Daughters, before crowds of ten thousand loyal Californians, dedicated the Sonoma Bear Flag Monument, the dedication also marking the reopening of the old mission San Francisco del Solano, historic house of worship founded by the padres and noted as one of the spots where the foundation of California history was laid. The thousand cheering people, hundreds of auto horns and sirens and several brass bands, parked in the historic plaza, yesterday voiced their tribute as the curtains were drawn from the monument, where the first Bear Flag was raised when California threw off the bonds of Mexico, forming a republic of its own before being added to the United States.

Oakland took a prominent part in the elaborate celebration. Not only did a large delegation from local parlors attend yesterday's ceremonies, but Oakland's visiting Native Daughters who concluded their convalescence here last week, also were present and took part in the ceremonies. The head of the Landmarks Committee of the Native Sons Congress, man Joseph R. Knowland, on whose shoulders fell the bulk of the work of crediting the landmark and arranging the ceremony, was also claimed by the Oakland and Alameda county visitors as their own member. Congressman Knowland was one of the principal speakers, his address dealing principally with the making of the California landmarks, a work in which he is deeply interested. He spoke emphatically on the importance of keeping these spots, identified with the State's history, before the public, touched on the somewhat abstract question of the monument, and outlined the hopes of loyal Californians for the future.

When Governor Johnson pulled the cords that exposed the heroic bronze figure of a pioneer suffering the Bear Flag that was made of a woman's petticoat.

the enthusiasm eclipsed anything of its kind seen in California in years. At 10 o'clock a reception of visiting members of the Young Men's Institute and the Young Ladies Institute, who are fired on a special train, was held. Headed by the League of Cross Cadets' band, the local institutes met the visitors upon their arrival at the station and escorted them to the Plaza to the old Mission San Francisco del Solano.

A military mass was celebrated at the mission at 11 o'clock by the Rev. Father Junier, O. F. M., and a sermon preached by the Rev. Father Kavanagh, S. J.

MANY SEES CEREONY.

The ceremonies of the unveiling of the Bear Flag monument began at 2 o'clock. Many San Franciscans occupied seats on the platform erected near the monument. Among them were James D. Phelan, Rudolph Spreckels, Daniel A. Ryan, Justice Frederick Henshaw, Supervisor J. Emmet Hayden, Lewis F. Rivington, Louis H. Moore and Richard Waight.

N. E. Cummings presided at the ceremonies and introductory remarks were made by J. P. Prestwood, president of Sonoma Parish No. 111, N. S. G. W., following an invocation by the Rev. J. Henry Gehoff.

Governor Johnson then severed the strings that let down the American flag draped around the Bear Flag monument. The giant bronze figure of the pioneer standing on a pedestal of the Bear Flag and the sun as it sprang into view.

Governor Johnson's address was brief. He reviewed succinctly the incidents connected with the raising of the Bear Flag. "The sturdy souls who raised this flag," he said, "were the founders of the empire of pre-eminent which we now possess. To honor their memory is the duty of every citizen."

In light of critical history is idle, for even we, with the advantages of the succeeding years, cannot begin to measure the scope of our empire and advantages. We know that these men, our progenitors, saw ahead with far-seeing eyes and set for us an example in courage and initiative that must ever be our guiding impulse and inspiration."

Frederick T. Duhinn, member of the Gutter's Port Commission, roused enthusiasm to a fevered pitch when he held aloft a relic of the Bear Flag and the sun as it sprang into view.

As emblemman Herbert Slater, who presented the appropriation of \$12,000 to the Legislature for the building of the monument and the restoration of the Mission San Francisco del Solano, was among the other speakers.

Congressman Knowland, who is chair-

man of the Landmarks League, Grand Parish, N. S. G. W., spoke feelingly upon the significance of the State's gift, tribute to the loyalty and integrity of the men who founded California and formed the first Western republic, marking the dawn of a new State with the historic Bear flag. He was followed by Lewis F. Rivington, past grand president of the N. S. G. W., and Mrs. May C. Goldmann, grand president of the N. D. G. W., who made brief addresses.

Following the unveiling of the monument by the Governor of the State, Louis H. Moore, grand president of the N. S. G. W., presented the monument to the city of Sonoma Mayor William von Jaecht accepted it on behalf of the city. The closing benediction was pronounced by Rev. C. H. Wood, the audience joining in singing the final chorus of the "Star-Spangled Banner."

The solemn ceremonies of the reopening of the Mission San Francisco del Solano, which took place yesterday morning upon the site of the early Franciscan mission which was founded on August 25, 1823, were of the most impressive character. Thousands packed the entrance to the mission.

PIONEER PRESENT.

Among the 250 invited guests at the celebration was James McChristian, 87 years of age, who is the last of the aged pioneers who stood in the old Sonoma plaza on that memorable June 14, 1845, and witnessed the raising of the original Bear flag which Mrs. John Sears made from a piece of unbleached cotton and a dash of vermilion. McChristian rode at the head of the parade and participated in the unveiling ceremonies.

# Roosevelt Is Guest Of Sir Edward Grey

LONDON, June 15.—Sir Edward Grey, British foreign secretary, gave a private luncheon today in honor of Colonel Theodore Roosevelt, ambassador to the United States. The President's guest was among the guests.

## 200 Sharpshooters Arrive at Bologna to Preserve Order

BOLOGNA, Italy, June 15.—Rioters today set fire to the cathedral, the Church of Peace and the Church of the Holy Cross in Senzale, on the Adriatic, after sprinkling the doors with petroleum.

Caution arrived in time to prevent the destruction of the cathedral, but the interior of the other churches were devastated, and only the walls remain standing of the Church of the Holy Cross.

A detachment of 200 sharpshooters arrived on a torpedo boat at Senzale today to assist in preserving order.

SOLDIERS PATROL STREETS.

ANCON, Italy, June 15.—In this city, where the stern repression of disorders brought about the declaration of a general strike throughout Italy, which was resumed today but detachments of soldiers and sailors still patrolled the streets and occupied strategic positions.

# Attempts Suicide as Escape From Illness

SAN FRANCISCO, June 15.—Having failed to recover his health completely, following an operation of two years ago, Herbert Angel, a salesman of 1255 Leavenworth street attempted suicide this morning. He slashed his throat with a razor and almost severed the windpipe. He was found soon after by his mother and hurried to the Central Emergency Hospital. After Dr. Lewis had dressed his wounds and had worked over him for an hour sewing up the gap in his neck, a telephone message was received from a man claiming to be the patient's father, who declared that they did not want a doctor to attend him. By reason of the loss of blood suffered by Angel, he may not recover.

# Thaw Is Denied His Release Upon Rail

WASHINGTON, June 15.—Harry K. Thaw was today denied release on bond pending consideration by the supreme court of his extradition from New Hampshire to New York.

The court also declined to grant the request that Thaw be taken to Pittsburgh in the custody of Sheriff Drew of Cook county, N. H., to testify in the settlement of his father's estate. Judge Aldrich of the federal court of New Hampshire ordered Thaw's release on habeas corpus proceedings. The Supreme Court will next pass on that.

SUES FRENCH CONCERN

FOR SUM SUBSCRIBED

SAN FRANCISCO, June 15.—A suit  
which will attract more than ordinary at-  
tention by reason of the fact that a  
number of others may follow it and be-  
cause of the prominence of the defend-  
ants, most of whom live in Paris, was  
brought today by William C. Crittenden.

He desires to recover \$2643.50 from the  
credit Fancier des Etats Unis. The di-  
rectors of the latter concern number  
among them Jean Banfield, Christian de  
Guigney, Chevallier Michel-Cote and T. Z.

Tognazzini. All save the latter reside in  
Paris. The plaintiff claims that the sum  
induced to subscribe for 400 shares in  
the concern with the understanding that  
the French corporation holding the ma-  
jority of the stock, would loan large sums  
in this region on mortgages. Today Su-  
perior Judge Moran granted an order for  
the publication for summons in the case.

Crittenden charges that the situation was  
misrepresented and that the hold-  
ing company did not propose to make any  
investments hereabout.

VOTING RIVALRY URGED;  
WOULD PROVE VALUABLE

EDITOR TRIBUNE: There is one  
matter in connection with last Friday's  
election that I do not want to have  
lost sight of, and that is the vote polled  
in Precinct 115, whose voting tent was  
at Oakland and Santa Rosa avenues.

The citizens have frequently been  
chided for not voting in sufficient num-  
bers at special elections. The section  
which, in this instance, was designated  
Precinct 115, always has shown a proper  
civic spirit, and in the last election  
polled 221 votes out of a registration of  
250, or 88.4 per cent, with many of the  
voters being new to the city.

The voters did not have to be dragged  
to the polls in automobiles, either, the  
purpose of hurrying delayed commuters  
to the polls before closing.

I know the percentages of the  
registered vote cast in the different pre-  
cincts. Our ratio in favor of the bond-  
holders is 14-1, which is the highest of any.  
If Precinct 115 always shows a civic  
spirit, I might add that much of the credit for  
our favorable showing was due to the  
Linda Vista Improvement Co.

A. S. LARSENSON,  
627 Wadsworth avenue.

NO HIT, NO RUN

GAME PITCHED

Slabator.

Alameda Fans See Great Box

Work by Opponents

Slabator.

ALAMEDA, June 15.—Alameda fan-  
dom was given an exhibition of no-hit,  
no-run pitching yesterday afternoon at  
Lincoln park, when the Panamanians  
took the Alamedas into camp by a score  
of 4 to 0. W. Horwidge, the visitors'  
twirler, had the locals on his staff  
throughout the entire nine innings and  
hary a single, double or triple was gar-  
nered. It was the grandest little exhibi-  
tion of no-hitting since Alameda has been  
in days.

Horwidge is as cool as a cucumber.  
He goes at the business of pitching as if  
his life depended upon it, but the more  
the crowd shouted the less dis-  
turbed he became. The crowd of local fan  
could not but take off his hat to the vis-  
itor.

HITS SCARCE ACTION

the locals after the seventh inning. Up  
to that time they had taken only three  
hits of which only one was a run. In the  
eighth the fan started and three more  
runs were scratched up, one three-  
runner being registered.

Owing to the absence of many of the  
Alameda ball players, it has been neces-  
sary to fill in the gaps with out of town  
players. The crowd of local fans, who  
the local fans, but Manager Earl Ris-  
ley says that it cannot be helped. He  
says that owing to lack of financial aid  
he could not but take off his hat to the vis-  
itor.

ALAMEDA, June 15.—Pitching  
great, and sweet peas against a back-  
ground of palms and bamboo converted  
the well window in the living room of  
the G. F. Haeffner home in 225 Pacific  
avenue, into a bower, where Miss Wil-  
helmine Haeffner and Harold Durivage  
were wedded today at high noon.

The Rev. Everett W. Couper of Christ  
Episcopal church read the marriage cer-  
vice before 30 or more of the relatives  
of the young couple, who were attended  
by Miss Haeffner's mother, Mrs. J. H.  
of honor for the bride, and Eugene Ham  
as best man.

The bride was effectively gowned in  
white crepe meteor made after a late  
model. Her girlish flukes enveloped in  
the fleecy folds of white tulle which  
she wore. The entrance of the bride  
er's marriage, with the wreath of orange  
blossoms, also worn by her mother at  
the time.

The groom wore a suit of gray  
with a white shirt and a white tie.  
The ceremony was performed at a table  
artificially decorated with a centerpiece  
of pink sweet peas and maidenhair fern,  
and a garland of the same extending  
around the table.

The home throughout was in the pink  
hydrangeas and baskets of fern and  
white flowers. The entrance of the bride  
er's marriage, with the wreath of orange  
blossoms, also worn by her mother at  
the time.

Law of the bridegroom.  
The young couple left for a honeymoon  
of two weeks and will return to resu-  
me a pretty home in the Claremont district.  
The groom is a young business-  
man of Oakland. The father of the bride  
is a well known electrical engineer and  
the family has resided in this city many  
years.

Council to Name  
NEW POLICE HEAD

Reorganization of Police and  
Fire Departments Is  
Likely.

RICHMOND, June 15.—It is expected  
that the city council this evening will  
take up the appointment of a new police  
chief to succeed James P. Arnold, whose  
resignation takes effect on June 15. Pre-  
sident Sergeant Charles Walker is slated  
for the post. Who will be chosen to suc-  
ceed the retiring chief is not known.

The council also has under considera-  
tion the naming of ten additional police  
officers and the reorganization of the de-  
partment on an eight instead of a twelve-  
hour basis.

The question of changing the present  
volunteer fire department to a partially  
paid basis is also due for early consid-  
eration by the board and may be dis-  
cussed this evening. The council is con-  
sidering the consolidation of com-  
panies three and four in the Santa Fe  
district and the erection of a modern  
fire house in that section.

SAVED FROM GALLOWS;  
Again Is on Trial

DENVER, June 15.—Saved from  
death when he was in the very  
shadow of the gallows, Oscar Cook,  
once convicted of murdering Patrolman  
William McPherson in a saloon at  
Valverde, a suburb of Denver, to-  
day was to go to trial for a second  
time.

After waiting a year and a half  
for death in the county jail here,  
Cook was saved by the Supreme  
Court of the State recently, when the  
verdict of guilty was set aside on  
technical grounds.

On March 19, 1912, Cook and Ed-  
ward L. Seward were alleged to have  
entered the saloon of A. J. Loyd in  
Valverde, intending to hold the place  
up. Loyd resisted and was shot  
down. McPherson was also shot  
down. The two men fled to the assistance  
of the saloonist. Several prisoners in  
the county jail and the State peni-  
tentiary have been contributing what  
they could to the defense of Cook.

DR. O. C. JOSLEN, TWICE  
BEFORE JURY, DIES

SAN FRANCISCO, June 15.—Dr. Otto  
C. Joslen died today at Lane Hospital,  
following an attack of appendicitis. He  
was brought into the public eye two years  
ago by his arrest on a statutory charge  
preferred by pretty Ethel Williams, a 18-  
year-old candy girl. A jury in Judge  
Lawlor's court twice disagreed as to the  
guilt of the physician and as Miss Wil-  
liams finally dismissed.

Miss Williams' story of Dr. Joslen's al-  
leged promise to wed her, although he  
had a wife living, and her description of  
her meeting with Mrs. Joslen on one oc-  
casion while joy riding in the physician's  
auto proved a spicy recital.

SISTERS TO WED AT  
BIG PURE FOOD SHOW

The big wedding at the Pure Food Show  
will be a double ceremony. The call for a  
wido have offered a year's grocery sup-  
plies to, as well as other prizes, the wed-  
ding to take place in the big tent of the  
show resulted in more than 20 couples  
applying to A. A. Tramp, director of the  
show.

Two sisters were chosen. They will  
wed together at the ceremony. They are  
Miss Ruth and Miss Jeanette. They are  
sisters of Arthur Frank Hansen and Miss  
Jeanette of Perry A. Hansen. All are  
residents of Oakland.

SUED FOR DAMAGES TO  
CITY WHARFINGER AUTO

Mrs. Nellie M. Parks and J. C. Coburn  
today appeared in Superior Judge Brown's  
court as defendants in a suit brought by  
City Wharfinger J. B. Greer to collect \$300  
damages done to his automobile in March,  
1913, when the automobile belonging to  
the defendants and driven by W. A.  
Smith, a chauffeur, collided with him at  
Smith and Franklin streets.

REK FRATERNITY MAN.

Do Great Harris, a pioneer university  
student and member of the Theta Chi  
fraternity, who has been living for  
two weeks at his home, at Graven-  
son, New Jersey, has been arrested here.  
He arrived, it is understood,  
several days ago and this morning  
the police received a request to find  
him. He is a foot ball, a blonde and  
has a scar over his right eye.

INSURED AND MURDERED?

John Lindbeck was removed to the  
Berkeley hospital from a condition  
from a broken arm, a dislocated jaw  
and numerous bruises. He said that  
he had been shot in the back and  
sight and when he woke up this  
morning he discovered his injuries.

BECOMES BRIDE

Durivage in Bower of  
Flowers.

ALAMEDA, June 15.—Pitching  
great, and sweet peas against a back-  
ground of palms and bamboo converted  
the well window in the living room of  
the G. F. Haeffner home in 225 Pacific  
avenue, into a bower, where Miss Wil-  
helmine Haeffner and Harold Durivage  
were wedded today at high noon.

The Rev. Everett W. Couper of Christ  
Episcopal church read the marriage cer-  
vice before 30 or more of the relatives  
of the young couple, who were attended  
by Miss Haeffner's mother, Mrs. J. H.  
of honor for the bride, and Eugene Ham  
as best man.

The bride was effectively gowned in  
white crepe meteor made after a late  
model. Her girlish flukes enveloped in  
the fleecy folds of white tulle which  
she wore. The entrance of the bride  
er's marriage, with the wreath of orange  
blossoms, also worn by her mother at  
the time.

The groom wore a suit of gray  
with a white shirt and a white tie.  
The ceremony was performed at a table  
artificially decorated with a centerpiece  
of pink sweet peas and maidenhair fern,  
and a garland of the same extending  
around the table.

The home throughout was in the pink  
hydrangeas and baskets of fern and  
white flowers. The entrance of the bride  
er's marriage, with the wreath of orange  
blossoms, also worn by her mother at  
the time.

Law of the bridegroom.  
The young couple left for a honeymoon  
of two weeks and will return to resu-  
me a pretty home in the Claremont district.  
The groom is a young business-  
man of Oakland. The father of the bride  
is a well known electrical engineer and  
the family has resided in this city many  
years.

Council to Name  
NEW POLICE HEAD

Reorganization of Police and  
Fire Departments Is  
Likely.

RICHMOND, June 15.—It is expected  
that the city council this evening will  
take up the appointment of a new police  
chief to succeed James P. Arnold, whose  
resignation takes effect on June 15. Pre-  
sident Sergeant Charles Walker is slated  
for the post. Who will be chosen to suc-  
ceed the retiring chief is not known.

The council also has under considera-  
tion the naming of ten additional police  
officers and the reorganization of the de-  
partment on an eight instead of a twelve-  
hour basis.

The question of changing the present  
volunteer fire department to a partially  
paid basis is also due for early consid-  
eration by the board and may be dis-  
cussed this evening. The council is con-  
sidering the consolidation of com-  
panies three and four in the Santa Fe  
district and the erection of a modern  
fire house in that section.

SAVED FROM GALLOWS;  
Again Is on Trial

DENVER, June 15.—Saved from  
death when he was in the very  
shadow of the gallows, Oscar Cook,  
once convicted of murdering Patrolman  
William McPherson in a saloon at  
Valverde, a suburb of Denver, to-  
day was to go to trial for a second  
time.

After waiting a year and a half  
for death in the county jail here,  
Cook was saved by the Supreme  
Court of the State recently, when the  
verdict of guilty was set aside on  
technical grounds.

On March 19, 1912, Cook and Ed-

MORNING EDITION

## Paderewski tells how the Steinway Piano has been carried to a higher standard of perfection by the younger generation of Steinway & Sons—

“The supreme qualities of your instruments have been for many years universally recognized. Public and individuals, amateurs and artists, have been looking upon your Pianos as upon a standard of perfection. Whenever perfection is attained progress is stopped, for there is no room for climbing when the summit has been reached. And yet, in your case, this law of nature seems to have been defied.

“Having played Steinway Pianos, after a long interval, in many concerts, during a season of unusually sudden and unfavorable climatic and atmospheric changes, I feel obliged to declare, and I do it most emphatically, that your instruments have reached an astonishing new

gress. To the former qualities, now magnified, intensified, you added an entirely new one, a quality which had been considered unimportant, superfluous, almost incompatible with the character of tone—an easy night, surprisingly agreeable action.

“In former years I had to select my pianos before every tour; I used to go repeatedly to Fourteenth street to try most carefully the instruments, and my selection was not those two or three which

were considered of the best ones by the makers themselves. This time it was quite different. Before beginning my tour I went only once to Steinway's warehouse; I tried an amazingly large quantity of instruments, dozens of concert grands, and I could not make a choice; I could not select the few best ones because all were best. Is there anything which could demonstrate more convincingly the wealth of resources of your firm, the astonishing vitality of your house? But there is in it something to rejoice the heart of everyone who is devoted to his profession; young men inherit fame and fortune, general respect and universal recognition most legitimately acquired by the genius, industry and honest persistent labor of their illustrious forefathers. Instead of simply enjoying life, instead of dwelling passively upon the golden ancestral laurels, they concentrate in noble, ambitious efforts all their energy and up they go to a higher plane, and, indeed, they reach still higher regions.

“Such a thing can only be accomplished by a sincere love of profession, and it is to this love of profession that I wish to pay my tribute of high esteem and admiration.”

## Blood Risings Not Sign of Health

### Boils are Caused by Sluggish and Impure Blood

Look Out for Volcano Effects

When there are swellings, gatherings or risings of the skin it is a sure sign that the blood needs help. It needs the "Blood Purifier" S. S. S. Any eruption of the skin shows the body is retaining impurities and either continues to circulate and impoverish the blood or are deposited here and there in the form of abscesses or surface swellings and eruptions.

A host of people use S. S. S. every spring and summer to withstand those habits that leave the system tired out. Get a bottle of S. S. S. today and you will have a good health. Give your blood a good bath. It will cause your liver to convert impurities, your lungs to burn them, your kidneys to excrete them and your skin to carry them off. Thus leaving your entire system fresh and clean to revive and again be in contact with the "Blood Purifier" S. S. S. Why California people should do all their buying from California manufacturers and jobbers, everything else being equal.

The advantages of buying our goods of California manufacturers and jobbers are very great. By purchasing articles made by home manufacturers the demand of California made goods becomes greater. In order to produce a larger quantity of goods more factories are built and more men employed. Instead of joining the army of the unemployed, men will go to work. This change will make our state more noted and very prosperous. It is very necessary to buy of California manufacturers and jobbers if we want to have a wealthy state.

Among the many articles in our home that are purchased of California manufacturers and jobbers are: Carnation granulated wheat, Sperry flour, Hill's spices, Yosemite salad oil, California Cracker Company's soda crackers, Diamond matches, M. J. B. coffee, Phoenix rolled oats and White Bear borax soap. All our furniture and our piano are purchased of California manufacturers.

If California people want their state to be one of the wealthiest in the union, if they want to have a state of contented people, then they should do all their buying of California manufacturers and jobbers.
